

Australian/New Zealand Standard™

**Household and similar electrical  
appliances—Safety**

**Part 2.89: Particular requirements for  
commercial refrigerating appliances  
with an incorporated or remote  
refrigerant condensing unit or  
compressor**

## **AS/NZS 60335.2.89:2002**

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee EL-002, Safety of Household and Similar Electrical Appliances and Small Power Transformers. It was approved on behalf of the Council of Standards Australia on 8 October 2002 and on behalf of the Council of Standards New Zealand on 2 October 2002.

This Standard was published on 22 November 2002.

---

The following are represented on Committee EL-002:

Association of Certification Bodies  
Australian Chamber of Commerce and Industry  
Australian Electrical and Electronic Manufacturers Association  
Canterbury Manufacturers Association New Zealand  
Consumer Electronic Suppliers Association, Australia  
Electrical regulatory authorities, Australia  
Electrical test laboratories  
Electrical consultants  
Electricity Supply Association of Australia  
Institution of Engineers Australia  
Metal Trades Industries Association of Australia  
Ministry of Consumer Affairs, New Zealand

---

### **Keeping Standards up-to-date**

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at [www.standards.com.au](http://www.standards.com.au) or Standards New Zealand web site at [www.standards.co.nz](http://www.standards.co.nz) and looking up the relevant Standard in the on-line catalogue.

Alternatively, both organizations publish an annual printed Catalogue with full details of all current Standards. For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

---

*This Standard was issued in draft form for comment as DR 02918.*

## Australian/New Zealand Standard™

### Household and similar electrical appliances—Safety

### Part 2.89: Particular requirements for commercial refrigerating appliances with an incorporated or remote refrigerant condensing unit or compressor

Originated in Australia as AS C182—1970.  
Originated in New Zealand as NZS/AS 3182—1990.  
Jointly revised and redesignated as AS/NZS 3182:1995.  
Jointly revised and redesignated AS/NZS 60335.2.89:2002.  
Reissued incorporating Amendment No. 1 (January 2003).  
Reissued incorporating Amendment No. 2 (November 2005).  
Reissued incorporating Amendment No. 3 (November 2007).
