

Australian/New Zealand Standard™

Essential safety requirements for electrical equipment

AS/NZS 3820:2009

This Joint Australian/New Zealand Standard was prepared by Joint Technical Committee QR-012, Conformance Marking to Regulatory Requirements. It was approved on behalf of the Council of Standards Australia on 14 October 2009 and on behalf of the Council of Standards New Zealand on 27 November 2009. This Standard was published on 11 December 2009.

The following are represented on Committee QR-012:

Association of Accredited Certification Bodies
Australian Chamber of Commerce and Industry
Australian Communications and Media Authority
Australian Industry Group
Australian Information Industry Association
Business New Zealand
Certification Interests (New Zealand)
CHOICE
Commonwealth Department of Health and Ageing
Communications Technical Forum
Consumer Electronics Association of New Zealand
Consumer Electronics Suppliers Association
Consumers' Federation of Australia
Electrical Compliance Testing Association
Electrical Regulatory Authorities Council
IEC Ex Scheme
Joint Accreditation System of Australia and New Zealand
Ministry of Economic Development (New Zealand)
National Association of Testing Authorities Australia
New Zealand Electric Fence Energiser Manufacturers Standards WG
New Zealand Manufacturers and Exporters Association

Keeping Standards up-to-date

Standards are living documents which reflect progress in science, technology and systems. To maintain their currency, all Standards are periodically reviewed, and new editions are published. Between editions, amendments may be issued. Standards may also be withdrawn. It is important that readers assure themselves they are using a current Standard, which should include any amendments which may have been published since the Standard was purchased.

Detailed information about joint Australian/New Zealand Standards can be found by visiting the Standards Web Shop at www.saiglobal.com.au or Standards New Zealand web site at www.standards.co.nz and looking up the relevant Standard in the on-line catalogue.

For more frequent listings or notification of revisions, amendments and withdrawals, Standards Australia and Standards New Zealand offer a number of update options. For information about these services, users should contact their respective national Standards organization.

We also welcome suggestions for improvement in our Standards, and especially encourage readers to notify us immediately of any apparent inaccuracies or ambiguities. Please address your comments to the Chief Executive of either Standards Australia or Standards New Zealand at the address shown on the back cover.

This Standard was issued in draft form for comment as DR 09914.

Australian/New Zealand Standard™

Essential safety requirements for electrical equipment

Originated in Australia and New Zealand as AS/NZS 3820:1998.
Second edition AS/NZS 3820:2009.
Reissued incorporating Amendment No. 1 (December 2011).
