

# Roller sports equipment — Roller skates — Safety requirements and test methods

The European Standard EN 13899:2003 has the status of a  
British Standard

ICS 97.220.40

# National foreword

This British Standard is the official English language version of EN 13899:2003.

The UK participation in its preparation was entrusted to Technical Committee SW/136, Sports, playground and other recreational equipment, which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this committee can be obtained on request to its secretary.
