

# Charging control systems for household electric room heating of the storage type — Methods for measuring performance

The European Standard EN 50350:2004 has the status of a  
British Standard

ICS 97.100.10

# National foreword

This British Standard is the official English language version of EN 50350:2004.

The UK participation in its preparation was entrusted by Technical Committee CPL/59, Performance of household electric appliances, to Subcommittee CPL/59/3, Heating appliances (Room and water), which has the responsibility to:

- aid enquirers to understand the text;
- present to the responsible international/European committee any enquiries on the interpretation, or proposals for change, and keep the UK interests informed;
- monitor related international and European developments and promulgate them in the UK.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.
