National foreword

This British Standard is the UK implementation of EN 747-1:2012+A1:2015, incorporating corrigendum August 2012. It supersedes BS EN 747-1:2012, which is withdrawn.

The start and finish of text introduced or altered by amendment is indicated in the text by tags. Tags indicating changes to CEN text carry the number of the CEN amendment. For example, text altered by CEN amendment A1 is indicated by A1 A1.

BSI, as a member of CEN, is obliged to publish EN 747-1:2012 as a British Standard. However, attention is drawn to the fact that during the development of this European Standard, the UK committee voted against its approval as a European Standard.

NOTE The UK committee registered a positive vote for the implementation of CEN amendment A1 June 2015.

WARNING

Users of this British Standard should be aware that the BSI technical committee responsible for the UK input into EN 747-1:2012+A1:2015 is of the opinion that entrapment or strangulation hazards might be caused by the provisions contained in the following clauses:

- Clause 4.1.1 (b) that allows for a 600 mm vertical protrusion on the safety barrier;
- Clause 4.1.4 paragraph (7) that allows the outermost components of a bed to deviate from vertical by 230 mm.

Attention is drawn to the provisions of the General Product Safety Regulations 2005 which place a general duty on all suppliers of consumer goods to supply products that are safe in normal or reasonably foreseeable use.

The UK participation in its preparation was entrusted by Technical Committee FW/0, Furniture, to Subcommittee FW/0/2, Domestic and Contract Furniture.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.

Furniture - Bunk beds and high beds - Part 1: Safety, strength and durability requirements

Meubles - Lits superposés et lits surélevés - Partie 1:
Exigences de sécurité, de résistance et de durabilité

Möbel - Etagenbetten und Hochbetten - Teil 1:
Anforderungen an die Sicherheit, Festigkeit und
Dauerhaltbarkeit

This European Standard was approved by CEN on 8 March 2012 and includes Amendment 1 approved by CEN on 16 April 2015.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.
