### National foreword

This British Standard is the UK implementation of EN ISO 23537-2:2016. It is identical to ISO 23537-2:2016. Together with BS EN ISO 23537-1:2016, it supersedes BS EN 13537:2012 which is withdrawn.

BSI, as a member of CEN, is obliged to publish EN ISO 23537-2:2016 as a British Standard. However, attention is drawn to the fact that during the development of this European Standard, the UK committee voted against its approval as a European Standard.

The UK committee voted against the complimentary Part 1 of EN ISO 23527 for technical reasons relating to validation of thermal testing. See the National Foreword of Part 1 for details.

The UK participation in its preparation was entrusted by Technical Committee SW/136, Sports, playground and other recreational equipment, to Subcommittee SW/136/11, Sleeping bags and tents.

A list of organizations represented on this subcommittee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
