

Artificial sports surfaces —

Part 2: Methods of test —

Section 2.3: Methods for determination of durability

Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Textiles and Clothing Standards Policy Committee (TCM/-) to Technical Committee TCM/14, upon which the following bodies were represented:

- Birmingham City
- British Amateur Athletic Board
- British Amateur Weight Lifters' Association
- British Association of Advisers and Lecturers in Physical Education
- British Leather Confederation
- British Sports and Allied Industries Federation
- Central Council of Physical Recreation
- City of Glasgow
- Consumer Policy Committee of BSI
- Department of Education and Science
- Department of the Environment (Building Research Establishment)
- Department of Trade and Industry (Consumer Affairs Division)
- English Basketball Association
- Home Office
- Institute of Trading Standards Administration
- Ministry of Defence
- Physical Education Association of Great Britain and Northern Ireland
- Recreation and Leisure Trade Association
- Sports Council

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

- Association of District Councils
- British Floor Covering Manufacturers' Association
- British Plastics Federation
- Institute of Leisure and Amenity Management
- RAPRA Technology Ltd
- Sports Turf Research Institute
- Textile Institute
- Textile Research Council

This British Standard, having been prepared under the direction of the Textiles and Clothing Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on 31 October 1990
