Resilient floor coverings – Determination of dimensional stability and curling after exposure to heat (ISO 23999:2018)

National foreword

This British Standard is the UK implementation of EN ISO 23999:2018. It supersedes BS EN ISO 23999:2012, which is withdrawn.

The UK participation in its preparation was entrusted to Technical Committee PRI/60, Resilient and Laminate Floor Coverings.

A list of organizations represented on this committee can be obtained on request to its secretary.

This publication does not purport to include all the necessary provisions of a contract. Users are responsible for its correct application.
