Document comprises 68 pages

Translation by DIN-Sprachendienst.

In case of doubt, the German-language original shall be considered authoritative.

*A comma is used as the decimal marker.*

## **National foreword**

This standard includes safety requirements.

This document (EN 16232:2013+A1:2018) has been prepared by Technical Committee CEN/TC 252 "Child use and care articles" (Secretariat: AFNOR, France).

The responsible German body involved in its preparation was *DIN-Normenausschuss Sicherheitstechnische Grundsätze* (DIN Standards Committee Safety Design Principles), Working Committee NA 095-05-03 AA "Child use and care articles - Seating and body care, protection, lying down and transportation".

## **Amendments**

This standard differs from DIN EN 16232:2013-12 as follows:

- a) the European foreword has been amended;
- b) Clause 2 "Normative references" has been amended;
- c) subclause 4.6 "Test probes for finger entrapment" has been amended;
- d) Clause 6 "Chemical hazards – Migration of certain elements" has been amended;
- e) Clause 7 "Thermal hazards" has been amended;
- f) Clause 8 "Mechanical hazards" has been amended;
- g) Clause 9 "Product information" has been amended;
- h) Annex A (informative) "Rationales" has been amended;
- i) Annex B (informative) "A-deviation" has been amended;
- j) a new Annex C (normative) "Warnings" has been added;
- k) the final Bibliography has been amended.

## Child use and care articles - Infant swings

Articles de puériculture - Balancelles suspendues pour enfant

Artikel für Säuglinge und Kleinkinder - Babyschaukeln

This European Standard was approved by CEN on 5 July 2013 and includes Amendment 1 approved by CEN on 16 April 2018.

CEN members are bound to comply with the CEN/CENELEC Internal Regulations which stipulate the conditions for giving this European Standard the status of a national standard without any alteration. Up-to-date lists and bibliographical references concerning such national standards may be obtained on application to the CEN-CENELEC Management Centre or to any CEN member.

This European Standard exists in three official versions (English, French, German). A version in any other language made by translation under the responsibility of a CEN member into its own language and notified to the CEN-CENELEC Management Centre has the same status as the official versions.

CEN members are the national standards bodies of Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and United Kingdom.

## European foreword

This document (EN 16232:2013+A1:2018) has been prepared by Technical Committee CEN/TC 252 "Child care articles", the secretariat of which is held by AFNOR.

Ⓐ This European Standard shall be given the status of a national standard, either by publication of an identical text or by endorsement, at the latest by February 2019 and conflicting national standards shall be withdrawn at the latest by August 2019. Ⓛ

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. CEN [and/or CENELEC] shall not be held responsible for identifying any or all such patent rights.

This document includes Amendment 1 approved by CEN on 16 April 2018.

This document supersedes Ⓛ EN 16232:2013 Ⓛ.

The start and finish of text introduced or altered by amendment is indicated in the text by tags Ⓛ Ⓛ.

According to the CEN-CENELEC Internal Regulations, the national standards organisations of the following countries are bound to implement this European Standard: Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, Former Yugoslav Republic of Macedonia, France, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Norway, Poland, Portugal, Romania, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

## 1 Scope

This European Standard specifies safety requirements and the corresponding test methods for infant swings intended for children up to a weight of 9 kg or unable to sit up unaided.

If an infant swing has several functions or can be converted into another function, the relevant European Standards apply to it.

Swings falling under the scope of EN 71-8 are excluded from the scope of this European Standard.

See rationale in A.1.

## 2 Normative references

The following documents, in whole or in part, are normatively referenced in this document and are indispensable for its application. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.
