## JAPANESE INDUSTRIAL STANDARD

J I S

## Plastics Card Cases

S 6051-1985

1. Scope

This Japanese Industrial Standard specifies the plastics card cases, hereinafter, referred to as the "card cases", to be put with paper or the like, which are manufactured by adhesion or deposition of the three sides of transparent plastics sheet or film.

Remark: Card cases either surface of which is turbid, are included in this standard.

2. Definitions

The definitions of principal terms used in this standard shall be as specified in JIS K 6900.

3. Classification

The classification of card cases shall be as given in Table 1.

Table 1

Classification	Subdivision	Symbol
Hard plastics	Card case with one open long side	S
	Card case with one open short side	E
Soft plastics	Card case with one open long side	S
	Card case with one open short side	E

4. Names of Main Parts

The names of main parts of a card case shall be as given in Fig. 1.

Applicable Standards: See page 9.
